Congradulations, I hope it gets completed without "other people" trying to interfere and causing additional disruptions. I also hope WINCO will employ Tracy residents.

Hi: There

YES!! Winco will be hiring through the unemployment office here in Tracy. Depends on the site and how they want to handle the hiring. The store in Modesto had a trailer on site and did the hiring there also. I believe once ground is moving LOL!! it's a go from there. I took a ride by there and actually seen the dirt moving.:)

Yes finally....

Winco is the best place to shop. We go to Stockton now to shop. If we have to go to a store here then we go to Safeway. They usually have good specials.
