
Looking for Annette Duran (Gummeringer)

Posted by monastew - 2008/03/09 14:21

Hello!
Hoping somebody here could help me.. I'm looking for an old friend, whom I've lost contact with throughout the years. Her name is Annette Duran, married name was Gummeringer, though I believe she may be divorced now. She'd be 40 years old now, had younger sisters named Olivia and Susan. And even younger siblings named Ruben and Yolonda. Mom was Dolores Duran and she used to live in the Village Apartments for years. Anyhow, probably been 11 or 12 years since I've last seen her and I'll be visiting California next week and would love to find her. If anybody knows her or a relative's whereabouts, I would be so grateful for any info!

I see you're still a knucklehead. :)

Yeah!! The steps I had to take to find you!! Heard you called my Dad's house yesterday and Matty gave you my phone number! CALL ME!! I'm coming home on the 19th and Johnny's having a party for my birthday- I want you to come! Besides, I told Matty that I believe you could out-drink him. So much to catch up on!!
