---

Pwnd wrote,

â€œThat's right all of your arguements were ad hominem, and so I unleashed the hounds.â€•

For clarity, obscenities in argumnts tend to show an individual with a poor education, a less developed vocabulary or loss of control.

The johnson then writes,

â€œHi, my name is Dale Cose and I would argue with a wall. I will keep responding to Bill Johnson until the end of time because I truly have nothing better to do!!!â€•

all the while missing the irony.

It is an honor to work with the emotionally unbalanced and/or immature mind. Reading your posts is an experience.

I use the word â€œwishy-washy,â€• then you use it

I use the word â€œcaliber,â€• you incorporate it

I use the word â€œbait,â€• you take it

I use the word â€œbaitâ€• again, and again you snatch it,  
then bleat your proclamation

With regard to your use of excessive exclamation and question marks, as your mentor I strongly urge you to take a moment to seek out a mental health professional. Spend some time redressing issues.

Good luck son.

Last report I heard was your shock and dismay upon hearing your big ol' manly love pump measured in the lower 90th percentile.

would your posts not be an example of an over-inflated id?

in your Station Naming post your MS Word spell checker missed something, "sentance" as opposed to "sentence"

did your johnson ignore it?

your superhuman effort to once again bring forward  
another mouse

Johnson huffs, "Still having a problem with that whole have to have the last word thing????"

I love irony and by the looks of it,  
comprehension fails to dawn upon you.

another attribution I didn't write

written by Dale Cose loves big Johnson's!!! , May 08, 2008

"Hey Dale,

Didn't your Ivy League professors teach you that sentences don't start with the word but? You're a Tool!!!!!"

"were stopping there. But since all of the regional"

could you put the header with a longer quote?

ask the Press for the post if you don't want to recite it.

---

Not bad.

Finding your opponent unflappable focus on someone else.

"phlegm wad" was good. Now your beginning to show some imagination.

"douchebag" is so... so jr. high don't you agree?

"Don't make Billy boy mad..."

because that inspires more of the bad words, bad thoughts and/or bad deeds?

Dale,

When you wake up and look at yourself do you ever think, "I am a friggin' tool?"B)
